

# Hero of My Heart

By Jay Landers

Life is made of moments.  
We live them one by one.  
Each moment is a memory of all we've said and done.  
If you could see what I see, there's beauty everywhere,  
So much for us to share.  
There's time for us to day dream.  
The best is yet to come.  
Remember how the old song goes "We've only just begun."  
My knight in shining armor; you're my perfect work of art,  
The hero of my heart.  
You've climbed that golden ladder  
You did it rung by rung.  
The years have made you wiser and love has kept you young.  
So light a thousand candles, each one a shining star.  
Let them all burn brightly  
You're as young as you think you are.  
A promise lasts forever  
And this is all I know;  
We'll walk this world together wherever we may go.  
You're my knight in shining armor; you're my perfect work of art,  
The hero of my heart;  
The hero of my heart.  
A promise lasts forever  
And this is all I know;  
We'll walk this world together wherever we may go.  
You're my knight in shining armor; you're my perfect work of art,  
The hero of my heart;  
The hero of my heart.
